Dear STEM App Challenge Participant,

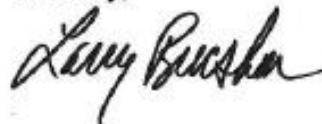

I am please to invite all high school students from Indiana's 8th Congressional District to participate in the first annual Congressional Science, Technology, Engineering and Math (STEM) Academic Competition, "The House STEM App Challenge."

This competition is a nationwide event that allows students from across the country to compete by creating and exhibiting their software application, or "app," for mobile, tablet, or computer devices on a platform of their choice. Students are encouraged to use online resources to aid them in their app development. Useful online resources can be found on my website, bucshon.house.gov. Students entering the competition must provide a YouTube video demo explaining their app and what they learned through this competition process. The deadline for submissions is **Wednesday, April 30, 2014**.

The submitted apps will be judged by a panel of individuals from the Rose Hulman Institute of Technology in Terre Haute, IN. Rose Hulman is a leading institution in undergraduate science, technology, engineering and math education. The winning student's app in each participating congressional district will be featured on the U.S. House of Representatives' website www.House.gov, as well as on display in a U.S. Capitol exhibit. Additional details on The House STEM App Challenge will be available in the coming week and provided on my website at: bucshon.house.gov

I hope that you will participate in this exciting event. Should you have any questions or concerns, please call my Evansville District Office at 812-465-6484.

Sincerely,

Larry Bucshon, MD
